

Why your customers need the HPC Lever Handle Remover

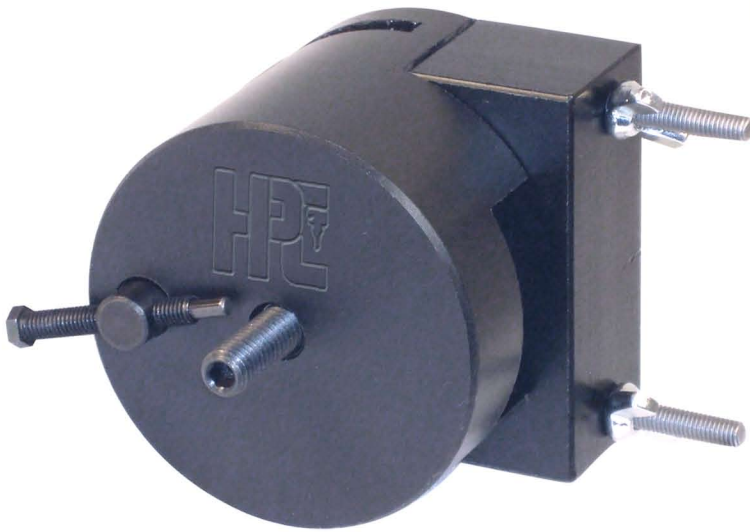

If the leverset cannot be picked you no longer have to drill it out and destroy the cylinder.

How to sell the HPC Lever Handle Remover

Key Selling Points:

- * Removes Lever Handles Quickly without damaging the cylinder
- * Industrial-grade plastic construction will not scratch the handle
- * Easy to Use with amazing results
- * Strong Delrin Components

* Best Seller

Security Professionals need multiple tools in their arsenal to get the job done. In the past, your only options for opening a locked leverset were picking or drilling. HPC's Lever Handle Remover offers you a different solution. If the leverset can't be picked you no longer have to drill it out and destroy the cylinder. The HPC Lever Handle Remover is a sturdy tool that pulls the lever handle off most leversets without damaging the cylinder or lock.
